On behalf of the City Council and the City of Norwich, we endorse the sale of the Norwich Hospital Property located within the City limits to the private sector. We believe that such a sale will allow Norwich to collect much needed taxes on said property and work with the future owners for the appropriate and complimentary development of the site to enhance the economics of both the City of Norwich, the adjoining property in Preston and the Town of Preston.

Submitted on behalf of the Mayor and the Council of the City of Norwich by:

  
Mayor Peter Albert Nystrom

  
City Manager Alan H. Bergren

C: City Council Members  
Senator Cathy Osten  
Representative Kevin Ryan
